The screenshot displays a web interface for managing assignments. At the top, there are two assignment entries. The first entry is for a '未繳交' (Not Submitted) assignment with a score of 0/100.00 and a deadline of 19 days, 22 hours. The second entry is for a '草稿 (尚未繳交)' (Draft (Not Submitted)) assignment with a score of 0/100.00 and a deadline of 2021年03月14日 (March 14, 2021). A blue callout box points to the checkboxes for these assignments with the text '先勾取要設定的同學' (First check the students you want to set).

Below the assignment list, there is a '通知學生' (Notify Students) dropdown set to '否' (No), a '保存所有快速評分變更' (Save All Quick Grading Changes) button, and a '將選出的...' (Selected...) dropdown menu. This menu is highlighted with a red box and contains the following options: '鎖定作業' (Lock Assignment), '解除作業鎖定' (Unlock Assignment), '下載選出的提交作業' (Download Selected Submitted Assignments), '將作業回復為草稿狀態' (Restore Assignment to Draft Status), '准許延期' (Allow Extension), '送出回饋檔案' (Send Feedback File), and 'Set Demo'. A 'Go' button is located to the right of the dropdown menu.

At the bottom left, there is a '選項' (Options) section with a '每頁的作業數' (Number of Assignments per Page) label.
